Everyone knows that creativity is important. Parents know the value of
play for their kids and our most innovative companies know it too. If
it works for our children and for the most-skilled among us, what’s
stopping the rest of us?

Education in the United States is provided in public, private, and
home schools.. State governments set overall educational standards,
often mandate standardized tests for K-12 public school systems and
supervise, usually through a board of regents, state colleges, and
universities. The bulk of the $1.3 trillion in funding comes from
state and local governments, with federal funding ...
